## **REQUIRED NOTICE OF HEALTH INSURANCE EXCHANGE COVERAGE OPTIONS** (No Action is Required on your Part)

OCTOBER 2017

**TO: EMPLOYERS FOR THEIR CURRENT AND NEW EMPLOYEES**

### **PART A: GENERAL INFORMATION**

Under the Patient Protection and Affordable Care Act (“Affordable Care Act”), you and your family may have the option to purchase health insurance through the California Health Insurance Exchange (also known as the Marketplace). This Notice, which is required to be provided to you by your Employer upon your employment pursuant to the Affordable Care Act, provides basic information about the Exchange. **Note: BECAUSE YOU HAVE COVERAGE WITH THE NORTHERN CALIFORNIA PIPE TRADES HEALTH AND WELFARE PLAN (“PLAN”), NO ACTION IS REQUIRED ON YOUR PART. THE PLAN HAS SUFFICIENT BENEFIT LEVELS AND COVERAGE TO MEET THE AFFORDABLE CARE ACT’S MINIMUM COVERAGE REQUIREMENTS. Thus, if you accept health coverage through the Plan you will not have to take any action concerning the Exchange. Furthermore, if you are currently enrolled as a Participant in the Plan, you have satisfied the Affordable Care Act’s requirement (known as the “individual mandate”) that you have medical coverage. Thus, no action is required on your part.**

#### **I. Exchange Information**

As a California resident, you and your family are eligible to buy health coverage through California’s Exchange called “Covered California.” The Exchange is designed primarily to help individuals that do not have health coverage or have recently lost coverage to find health insurance that meets their needs and fits their budget. The Exchange offers one-stop shopping to find and compare private health insurance options. Open enrollment through Covered California begins November 1, 2017, through January 31, 2018, for 2018 coverage. Once open enrollment has ended, you can enroll in Covered California only if you have experienced a qualifying life event (such as a loss of job, marriage, divorce or birth or adoption of a child) through a Special Enrollment. If you qualify for a Special Enrollment you will have 60 days from the time you lose coverage due to a qualifying event to enroll in Covered California.

Depending upon your family income, if you decide to enroll in an exchange, you could be eligible for a tax credit that lowers your monthly premium or cost-sharing reductions, but that applies only if you do not have coverage through your Employer or the Northern California Pipe Trades Health and Welfare Plan (“Plan”), or the Plan does not provide affordable coverage (if the cost of coverage that would cover you and not any other members of your family is more than 9.5% of your household income for the year) or does not meet minimum value standard (an employer sponsored plan meets the minimum value standard if the Plan’s share of the total allowed benefits costs covered by the plan is no less than 60% of such costs). **Because the Plan offers affordable health coverage and provides more than the minimum value standard set by the Affordable Care Act, no further action is required on your part.**

If you were to purchase a health plan through the Exchange instead of accepting health coverage through the Plan, you will not receive health benefits with the Plan. However, your employer will remain obligated to continue making all required employer contributions based on your work under the Collective Bargaining Agreement. Moreover, employer contributions to a qualified health plan such as the Northern California Pipe Trades Health and Welfare Plan are excluded from an employee’s income for Federal and State income tax purposes. If, however, you were to choose to obtain coverage through the Exchange, your payments for such coverage would be made on an after-tax basis.

## II. For More Information
