Health Reimbursement Account (HRA) Claim Form

PROGRAM SUMMARY

What is a Health Reimbursement Account?

The Health Reimbursement Account ("HRA") program creates and maintains an account for each individual qualifying Plan Participant for whom Employer contributions are made under a Classification that provides HRA. The primary purpose of your HRA is to enable you to build up an account balance that will be available to help pay health care premiums after retirement. Another purpose of the HRA is to help defray some of your eligible out of pocket health care costs.

How will my HRA be funded?

Each qualifying Participant will have an account based on hours worked under a Classification that provides HRA, multiplied by a contribution amount determined by the Collective Bargaining Agreement.

How will I be informed of my HRA balance?

HRA information appears on your annual statement. Statements are scheduled to be mailed every December.

Eligibility Requirements

- 1) You become eligible at the time you first work under a Classification that requires your Employer to contribute to the HRA on your behalf.
- 2) Claims for your Dependents may be eligible on the later of (a) the date you become eligible or (b) the date the Dependent is enrolled as an eligible Dependent in the Northern California Pipe Trades Health and Welfare Plan.
- 3) A Dependent under the HRA is defined as a Federal Tax Dependent as reported on Form 1040. Claims for your Dependent are eligible on the later of (a) the date you become eligible or (b) the date they become eligible to be listed as a Dependent on your annual Federal Income Tax Return.
- 4) You and your eligible Dependent(s) must have been enrolled in an Employer-sponsored Affordable Care Act (ACA) compliant group medical plan (such as the Northern California Pipe Trades Health & Welfare Plan) and have been eligible for coverage under such medical plan on the Date of Service.
- 5) Pursuant to ACA rules, any participant with an HRA account balance is permitted to permanently opt out of and waive future reimbursements from his or her account on an annual basis.
- 6) Upon termination of employment, either the remaining amounts in your account are forfeited or you are permitted to permanently opt out of and waive future reimbursements from your HRA account.

As stated in *the Northern California Pipe Trades Health and Welfare, Health Reimbursement Account Plan Document*, Domestic Partners and their Dependents or Dependents covered through legal guardianship are not eligible dependents under the Health Reimbursement Account. The *Plan Document and Summary of Material Modifications* are available on the Trust Fund Office website at: www.ncpttf.com.

Reimbursement can only be made for expenses that are incurred on or after the date you, your spouse, and/or your dependent(s) become eligible.

Maximum Benefit

The maximum amount payable is never more than the current balance in your HRA. If the expenses submitted exceed the account balance, the unreimbursed expenses will be carried forward and paid each January, if there are funds in the account.

What can I use the HRA for?

The HRA may be used to reimburse you (your Provider cannot be paid directly) for eligible medical, dental, orthodontia, vision, hearing aid or prescription expenses which would otherwise not be payable under the Northern California Pipe Trades Health and Welfare Plan, as permitted by IRS provisions, such as:

- ◆ All or part of any co-payments required or amounts in excess of usual, customary and reasonable limits, on covered services.
- ◆ Denied services (provided they are IRS approved medical expenses; see IRS Publication 502).
- ◆ Prescription drug co-payments.
- ◆ Self-Payments, including COBRA and Retiree Health and Welfare premiums.

Refer to the attached Summary of General Categories of Eligible & Ineligible Expenses for further eligible details.

They include but are not limited to:

- ◆ Expenses already covered under the Northern California Pipe Trades Health and Welfare Plan.
- ◆ Supplements (whether prescribed by a doctor or not).
- ◆ Life Insurance premiums, premiums for other insurance, etc.
- ◆ Over-the-counter medicines or drugs without written prescription.
- ◆ IRS Guidance provides that premiums for **individual market coverage or insurance plans** purchased from a state or federal Marketplace (also known as the Exchange) are not considered expenses eligible for reimbursement through the HRA.
